

Camp Grayling May Be Used For Six Weeks Next Summer

Michigan And Indiana Train 3 Weeks Each

Three weeks of field training in 1951 instead of the traditional two may be scheduled for personnel of the Michigan National Guard, according to tentative plans announced by National Guard Bureau and Fifth Army.

If the 21-day field training plan for 1951 is finally adopted, training dates for the 48th Division will be 4 to 25 of August, 1951 at Camp Grayling, Michigan. AAA personnel would train at Camp McCoy and Camp Haven, Wisconsin during the same period.

The 38th Division from Indiana is also tentatively scheduled to train 7 to 28 July at Camp Grayling, with alternate training site at Camp Atterbury, Indiana, if available. Fifth Army is scheduling a conference on 1951 training plans at an early date and final plans will not be announced until that time.

Col. Herbert F. Layle, Quartermaster General of Michigan, has revealed that more improvements are in store for Camp Grayling before next July.

The architectural firm of Giffels and Vallet, of Detroit, is engaged in preparing specifications for scaled bids on four additional mess halls in the "C" area and three bathhouse-latrines to be located in other areas within the camp.

Plans are on the drawing boards for the enlargement of the food storage compartments of the commissary building. Concrete tent-floors, up to authorized personnel strength, are scheduled for pouring in the "C" area. Funds for the new construction have been approved.

Camp maintenance personnel have sown 600 pounds of fescue grass seed throughout the camp with 1,000 additional pounds to be sown before winter halts operations.

2 Vikings On All-Conference

Two Grayling High Vikings were named to All-Conference team of the Northern Class C League and two more were given honorable mention, it was revealed today by Viking Mentor Bruce Smith.

Bill Worden was renamed as a back on the all loop eleven as he was last year and Ellery Horning was named to the right guard slot on the mythical eleven. Completing the first team were Fairbanks of Charlevoix and Schur of Gaylord at ends, Smigowski of Mancelona and Kranke of Charlevoix at tackles; Browe of Charlevoix at guard and Bowman of Charlevoix center. Boring of East Jordan with Cunningham and Hardy of Charlevoix completing the backfield.

No Vikings were named to the second team but Grayling tackles Bob Sunday and Lee Nolan were both given honorable mention. Charlevoix captured six places on the first team and with Grayling's two, one each from Mancelona, Gaylord and East Jordan completed the first team. It contained seven seniors and four juniors.

Woman's Club

The first Woman's Club meeting of the year was held Monday evening at the home of the president, Mrs. Alfred Sorenson.

Mrs. Leonard Allison was again made chairman of the Christmas doll project. Each member is asked to donate a doll and have it ready for display at a silver tea to be held at Shoppenagons Inn on December 11. These dolls can be new or old dolls repaired and dressed. The finished dolls will be put on display at the Inn for one week following the tea.

Hostesses for the meeting were Mrs. Sorenson, Mrs. Frank Bond, Mrs. J. F. Cook and Mrs. Ted Thompson. Coffee and donuts were served.

How To Avoid Getting Lost

With the general deer season luring thousands into the woods, the Conservation Department offers some suggestions to keep hunters from getting lost.

Once camp has been set up, locate and mark its location on your map.

Learn to read your map and acquaint yourself with its base features.

Know how to use and read your compass.

When you leave camp, orient yourself with your compass and map.

Know the direction in which you are going.

When you cross a stream or road, check your map and orient yourself.

Familiarize yourself with boot prints of other party members.

Notice local names of landings, bridges and locations.

If camped with a party, inform the others of where you intend to hunt.

Always start your return trip so as to be back to camp before dark.

Should you get lost the department makes some other suggestions.

Consult your compass for direction.

Never argue with your compass.

Try to avoid getting panicky.

Sit down, smoke a cigarette if necessary, and listen for sound of cars or trains.

If it appears you will not find your way out of the woods before darkness, pick out a sheltered spot and gather wood to last through the night.

Build a fire.

Do not waste ammunition, conserve your strength, food and water.

If you have not been found the first night and if snow has covered your tracks, take your compass and walk in a due east, south, west or north direction for about one-half mile, then back-track to your fire and build it up. Proceed in same manner in each of the other directions, each time returning to your fire. Searchers will find your tracks and come to you.

Remember the searching party will not be organized until it is known you are lost. Never leave your fire to find the searching party, let the searching party find you.

Uranium Strikes Cause Headaches

Recent uranium strikes in the Upper Peninsula have added a few more throbs to the already big headache for Michigan State College geologists.

Since uranium was discovered near the Huron river last winter, a horde of amateur prospectors, armed with picks, shovels and an occasional Geiger counter, have joined the hunt for more of the precious metal.

Many of these people send their specimens to the MSC department of geology and geography for identification, which is the same procedure used by potential "gold diggers" for many years.

"Flurries of rock specimen coming into my office indicate many people think they have a gold or uranium mine in their own backyard," commented Dr. J. W. Trow, assistant professor of geology at Michigan State.

Dr. Trow, pointing out that he did not want to discourage Michigan citizens from sending in specimens, added however, that a few pointers might make their metal-hunting more fruitful.

Pitchblende, the heavy, black radioactive material used in atom bombs, is most often confused with two metals which could pass as twins. One of them, magnetite, can be identified by its magnetic quality. The other, specular hematite, can be distinguished by a thin red streak which is left when the rock is scraped on a rough surface. Pitchblende leaves a greenish-black mark.

"It is only fair to warn prospectors that so far, uranium has been discovered only in the western half of the Upper Peninsula," Dr. Trow added.

In reference to gold-seekers, the MSC geologist said that mica and iron pyrite, or "fool's gold," seem to cause the most trouble. Gold, which is soft and malleable, can be distinguished from iron pyrite by the brittleness and hardness of "fool's gold." Mica differs from gold in that it can be torn apart in thin, transparent sheets.

Operation American Citizenship

An educational program sponsored by Dr. Lee M. Thurston, state superintendent of public instruction, hopes to "multiply and improve the amount of quality citizenship education in Michigan."

"Operation American Citizenship," an educational program sponsored by Dr. Lee M. Thurston, state superintendent of public instruction, hopes to "multiply and improve the amount of quality citizenship education in Michigan."

"Any written set of rules that fits one man is not suited to another case," Commissioner Brooks says.

The rent control picture still is hazy. Pontiac is leading the fray with its problem before the Michigan Supreme Court. As the year draws to an end the cudgel will be taken up in more communities throughout Michigan. Landlords and their tenants already have drawn lines in several of the larger communities.

Election comment: This column adheres to a policy of being non-partisan in its interpretation of state politics

The November 7 vote outcome is now on the record. On Thursday, November 2, this column observed: "Governor Williams has the best chance of any Democratic nominee in more than a decade to win re-election. It will take a lot of Republican votes upstate to offset the Democratic margin of power in Detroit and Wayne County." This was printed five days before Election Day.

Republicans strengthened their control of state government in Michigan. The administrative board and the state legislature will be dominated by G. O. P. officials and legislators. Practically speaking, August Scholle and his CIO liberal group were defeated by Michigan voters on November 7.

LAKE MARGRETHE EXTENSION GROUP

Lake Margrethe Extension Group met at the home of Mrs. John McMillon on Wednesday of last week for a 1 o'clock desert.

A short business meeting was held with nine members answering roll call and two new members added to the group.

The leader gave a very interesting talk on "Good-Buymanish and Care of Home Refrigerators and Freezers, after which plans for a Christmas party were discussed.

Next meeting December 6 with Mrs. Carlyle Brown.

Hope Hunters Watch Forest Fire Hazard

State forest fire officers are doing a lot more than crossing their fingers in the hope that the state can chalk up the best forest fire record in history, but they need the help particularly of hunters.

The conservation department notes that number of fires and acreage damaged again increased last week—and the influx of thousands of deer hunters into the north woods is only a few days away. Including the latest tally of 36 fires which blackened 262 acres, the total for the 1950 forest fire season now shows 839 fires damaging 5,155 acres. Last year at this time the state had 1,545 fires which burned 21,339 acres.

In 1971, first year in which fire records were kept, flames ravished over 2,000,000 Michigan acres. Prior to 1871, the meager information available shows thousands of blazes annually and millions of acres gutted by fires.

Fire officers renew their plea to hunters, asking for care in handling cigarettes, matches and campfires.

Official Vote Returns Shows Governor Williams 1,153 Ahead

Complete official returns from the canvassing boards of Michigan's 83 counties gave last Tuesday's election to Governor C. Mendenhall Williams by the narrow margin of 1,153 ballots over the Republican contender, Harry F. Kelly.

Although Kelly was reported in practically all of the state's news papers as the winner following the election, canvassing by the boards of the various counties in Michigan swung the lead back and forth between the two men all week long with the outcome shrouded in doubt until the final Wayne County returns were in.

The report of the 83 boards gave Williams a total of 935,153 to Kelly's 934,000. The Wayne County vote was: Williams 448,296; Kelly 280,772. This 187,524 margin for Williams is in contrast to the first official tabulation of 164,218 by 3,306 votes.

There was little doubt in informed circles that a recount would be asked by Kelly and in Crawford County it was felt that the City of Grayling and Frederic Township would be requested to be recounted with the rest of the county.

Small Margin To Bring Recount

The State Board of Canvassers will act upon the reports of the 83 county boards of canvassers within the next few days and if they approve the official returns of the county boards, a petition for a recount will probably be filed with them at once. Owen J. (Pat) Cleary, Republican State chairman, however, refused to comment on the swing of ballots to Williams.

The closeness of the race for Governor brought sharp checks from the county boards of canvassers and uncovered many errors of tallying, counting, etc. It was felt that these same errors occur at many other elections, but due to the fact that in the race is so far out in front that the others concede, the errors have never been uncovered before.

Michigan's experience with recounts shows that in a race with the margin as narrow as it is between Williams and Kelly, it will be almost impossible to determine the winner until the last few ballot boxes are opened.

Cost of a state-wide recount, including the payment of challengers and other expenses, would be about \$200,000, it was estimated with a full Wayne County recount running at about \$60,000.

It was pointed out by those who have had a major part in recounts before that if the percentage of errors usually found were to be found in a state-wide recount in the Governor's race, either candidate could come out on top with a chance that the State Supreme Court might have to pass on the validity of some ballots in question.

Production Credit Holds 16th Annual Session

At its sixteenth annual meeting November 10, 1950, the Gaylord Production Credit Association of Gaylord celebrated the fact that it has become entirely member owned.

The Gaylord PCA has the distinction of being one of 22 associations in the 7th Farm Credit District (Michigan, Wisconsin, Minnesota and North Dakota) that have repaid all their government capital and are completely owned by the farmer members.

President Arnold W. Ostrander of Afton reported to the association for the board of directors and A. J. Townsend, secretary-treasurer, gave the report of the Secretary. They brought out that, from its modest beginning in 1934 when it began lending money to farmers for production and operating purposes with a member-owned capital of \$35,000 subscribed by the 7 original board members, the Gaylord PCA has grown until today is members own capital and reserves amounting to \$127,290. On September 30, 1950 there were outstanding 398 loans totaling \$448,676. In the 16 1/2 years in between, the association has made 7,749 loans for \$3,711,769 to assist members to operate their farm units soundly and economically.

One of the important events of the meeting was the election of one director. The nominating committee had previously nominated Raymond Shaffer of Hillman and Sheridan Rhoades of Comins to succeed Sheridan Rhoades whose term expired at this meeting. Mr. Shaffer declined the nomination and Mr. Rhoades was elected by unanimous ballot.

In addition to the business reports and election, President George Susens of the Production Credit Corporation of St. Paul took part in the ceremony celebrating complete member-ownership. A chart representing an orange graphically showed how the gradual repayment of government capital by the association during the past 16 years had been accomplished. The peel of the orange was cut in segments and as each segment was removed by President Ostrander the various payments and the date when the capital was returned was shown.

An over-sized check for the final payment of \$5,000 was presented Mr. Susens by Mr. Ostrander and Mr. Susens then presented the association with a certificate of complete ownership.

Mrs. Lyne Lenartowicz and Noreen Druffs sang two duets accompanied by Mrs. Steve Glidden, all of Gaylord, and the Burber shop Quartet the "Can't Hardly's" members of the Osoda County Chapter of S.P.E.C.Q.S.A. entertained with several numbers. A delicious lunch was served at noon and prizes were awarded during the meeting.

7th Annual Hunters Ball Well Attended

Over 200 hunters and towns people enjoyed the fine music by the "Moonlighters" at the annual hunters ball sponsored by the Grayling School Teachers staff.

At intermission time a compass and two hunting knives were awarded as door prizes to those lucky people.

Several sets of square dancing were featured during the evening.

Proceeds of the dance go into the staff fund to be used for the benefit of the school activities.

North Branch Shows Larger Brook Trout

More conservative fishing regulations on the North Branch of the AuSable River are resulting in larger size breeding brook trout, investigation by the Conservation Department's institute for fisheries research shows.

Dr. A. S. Hazzard, institute director, reports a survey conducted with an electric fish shocker did not turn up a greater number of breeders because the stricter angling regulations have not been in force long enough. Hazzard says an increase in the number of breeders is a possibility in about two years.

The area with the special rules—fly fishing only, 10-inch size limit, 10 trout per day but not more than five brook—is on the North Branch of the AuSable River in and near Lovells. The same rules will apply on this marked stretch in 1951.

There has been no artificial stocking in this section for several years.

Engagement Announced

Mr. and Mrs. Byron Randolph announce the engagement of their daughter, Miss Joan, to Clifton "Kip" Papendick, son of Mr. and Mrs. Eugene Papendick. No definite date has been set for the wedding.

WHAT - WHERE - WHEN

Nov. 18 - L. N. L. Bake Sale, Black & White Market, 1 P. M.
Nov. 10 - Bake Sale, Hospital Aid, at Shoppenagons Inn.

Stephan Building New Factory

The Stephan Wood Products Company of Grayling hopes to move into a new 38 foot by 80 foot plant by December 1. The building of cement block with a ceiling floor is being constructed on M-72 just east of the city limits in Brink's Addition.

The three partners of Stephan Wood Products, Alva B. and Herbert Stephan and Charles C. Swentner also announce that they plan to build a 48 by 80 foot addition to the plant in the spring. They will continue their business of finished wood products and plan to add custom wood working of all kinds as well. They now employ five people but hope to increase their employees to ten in the near future.

The three men have now been associated in business between three and four years. They plan on adding a big sticker or molder machine to their plant to use in dressing lumber and making paneling, log siding and various other lumber items.

Plan New Grayling Winter Sports Park Operation

To Form New Operating Group

Plans to form a new operating group to get the Grayling Winter Sports Park back in operation with the aid of the Michigan Conservation Department were to be discussed at a meeting at the Shoppenagons Inn on Wednesday evening.

A new system of financing the operation and the naming of new officers and a park manager were expected to be taken care of at the session following a preliminary meeting and investigation of the park by a local committee.

Jack Hummel Wins J. C. Penny Award

Jack Hummel, son of Mr. and Mrs. Stanley Hummel of Maple Forest Township, was named 4-H Club Premier Potato Grower at the Northern Michigan Potato and Apple Show, November 8, and was awarded a trip to the National 4-H Club Congress in Chicago November 27-30 by the J. C. Penny Co.

Jack had three acres of Katahdin potatoes with a yield of 300 bushels per acre this year.

Besides winning the J. C. Penny award, Jack also placed first in the Potato judging contest with a score of 435.

This trip award is not based on just one year's work in the potato project but on the individuals over all club record and achievements.

Jack has an outstanding 4-H record consisting of 6 years of handicraft, 4 years of potato, 3 years of saddle horse, 1 year of tractor maintenance, one year of forestry and 3 years of Junior Leadership.

Some of his outstanding achievements in 4-H Club work are: Member of State Championship crop demonstration team in 1947, State 4-H Crops Judging Champion in 1949, and 4-H Premier Potato Grower in 1950.

Jack, who is now a freshman at Mt. Pleasant Teacher's College, is one of the outstanding 4-H Club members in Michigan and a young man of whom Crawford County can well be proud.

South Branch

Mr. and Mrs. Julius Kreutzer and son of Pontiac are spending the deer season at their cabin here.

Mr. and Mrs. Jack DeMars of Flint are spending this week visiting Mr. and Mrs. Eldon Blumen-schein.

Mr. and Mrs. Lawrence Ebaugh of Detroit are here for deer season, staying at their cabin on M-144.

James Williams who is employed in Pontiac is spending 10 days visiting his parents, Mr. and Mrs. Burton Williams and also doing some hunting.

Mrs. Frank Boersma and Mrs. Odd Larsen spent Saturday in Traverse City shopping.

Dick Egle left Saturday night for the Upper Peninsula with his uncle to do some hunting.

SPECIAL NOTICE

Sunday Masses at St. Mary's Church, Grayling, on the Sundays of deer season, November 19th and 26th, will be said at 6:00 and 10:30 A. M. 9-16

Mrs. K. K. Kitchen is spending a few days in Flint visiting relatives. She accompanied her son, James, on his return to Flint, after he had been here for the week end. The latter is employed at the Chevrolet plant there.

TB Christmas Seals Go On Sale Next Monday

Three "guardian angels," singing a holiday health song, will be abroad in Grayling and Crawford county starting next Monday, November 20. With a merry mission that will last until Christmas day, the music making trio appears on the 1950 tuberculosis Christmas Seal.

Generally, the seals will be delivered to homes by the postman. Many service clubs, business firms and other organizations will be asked to join the 1950 crusade to push back TB in 1951.

The "guardian angels" are appropriate for a tuberculosis Christmas Seal design. The people of Michigan wage a year-round battle against TB through their Christmas Seal gifts of money to the Michigan Tuberculosis Association. Christmas Seal purchases help safeguard Crawford County men, women and children from tuberculosis. A total of 94% of the money raised will remain in Michigan for community and state-wide tuberculosis control programs. The other 6% will be sent to the National Tuberculosis Association for scientific research and other nationwide TB programs.

Last year, in Crawford county, people paid for \$389.89 worth of the fighting TB Christmas Seals. A look at the tuberculosis record shows a growing protection from TB. But it also shows that more money is needed to corner this killer, with its wake of tragic destruction.

Last year, in Crawford county, there was one needless death from TB and one new TB case reported. Throughout the year, Crawford county had an average of 1 tuberculosis victim hospitalized for TB, separated from home and family. But the full magnitude of the serious tuberculosis problem is not shown by county figures, alone. Tuberculosis is a "catching" disease, ignoring county boundary lines. Tuberculosis in neighboring counties - for that matter - in all of Michigan, is of grave concern to Crawford County people.

In 1949, for instance, the counties of Crawford, Kalkaska, Missaukee, Roscommon and Wexford, combined, had 14 new TB cases, three needless TB deaths and an average of 18 citizens struggling to regain their health in TB sanatoriums.

In Michigan as a whole, last year, 1,400 people were killed by TB, nearly 6,000 new TB cases were reported and an average of 4,968 Michigan citizens spent those twelve long months in sanatoriums.

The dollars paid for sheets of the 1950 "guardian angels" tuberculosis Christmas Seal will, in 1951, help provide service for the sick and their families and help rescue many Crawford county citizens and hundreds of Michigan neighbors from falling victim to this deadly disease.

BUY TB CHRISTMAS SEALS

Kiwanis Club Notes

James McGee and Rev. Herbert Seebree were welcomed into the Kiwanis Club of Grayling as new members at the regular weekly meeting held Monday evening at the Lone Pine Inn.

Initiation and presentation of the pins was carried out by Past President Art Clough and Earl Burns and Past President Charles Moore. A discussion was held on the annual newspaper sale which will take place this Friday and Saturday evenings. The Saturday night group headed by John Peterson challenged the Friday night crowd to a tree venison dinner for the biggest sale. The Friday night sales force is headed by Carl Strobel. The losers must furnish the venison and put on the dinner. Watch for the Kiwanian newsboy on Friday and Saturday.

All persons who can donate toys, either in good condition or which could be repaired are requested to leave them at the home of Dr. J. F. Cook at 406 Michigan Avenue or the Avalanche Office. If it is impossible to bring them to either place, please Phone 2231 and the toys will be picked up.

Conservation Club Plants 1,500 Norway Trees

The Conservation Club of the Grayling High School has planted 1,500 Norway Pine seedlings in the Grayling School Forest during the fall months. It was revealed by Wesley Kumpula, club advisor.

The area has also been mapped to show the locations of the various types of trees and the students have learned how to estimate the amount of timber in a given area. Shirley Gowing, District Forester, with headquarters at the AuSable State Forest has given instruction to the group in all of the above mentioned activities and the group wishes to thank him for his valuable help and advice.

Engagement Announced

Mr. and Mrs. Byron Randolph announce the engagement of their daughter, Miss Joan, to Clifton "Kip" Papendick, son of Mr. and Mrs. Eugene Papendick. No definite date has been set for the wedding.

To Interview For WAC And WAF

It was announced today by Douglas A. Anderson, Sergeant in charge of the Traverse City Army and Air Force Recruiting Station that Sergeant Margaret Malizzo, WAC/WAF Recruiter from Detroit, Michigan will be at the Traverse City Army and Air Force Recruiting Station on Thursday, November 16th for the purpose of interviewing interested applicants for either the WAC or WAF.

Requirements for the WAC/WAF are, 18 to 34 years of age, single and have no dependents, be a citizen of the United States, for the Air Force be a high school graduate, and for the WAC have the equivalent.

The U. S. Army and U. S. Air Force Recruiting Station is located in Traverse City at 122½ East Front Street.

LOVELLS HOME EXTENSION CLUB

Nine members of the Lovells Home Extension group met at Mrs. Carl Doroh's November 7th to have an evening of fun and wraith making.

Officers for 1951 were named: Mrs. Harold Johnson, chairman; Mrs. Pete Eggesberger, vice-chairman; Mrs. Pierson Spaulding, Secretary; Mrs. Harriet Steckling, treasurer; Mrs. Carl Doroh, reporter; Mrs. Ray Doby, committee chairman; Mrs. W. P. Spaulding, recreation chairman; Mrs. Del Nixon, project chairman.

Members of the group are to sponsor Mrs. Johnson's 4-H group as one of our public projects. Next meeting will be a Christmas party to be held at Mrs. Ray Doby's. Members will exchange 50c gifts.

Mrs. Carl A. Doroh, Reporter.

Lovells News

Clarence Moore purchased the tavern at Wolverine known as "The Meadows" and took possession this week.

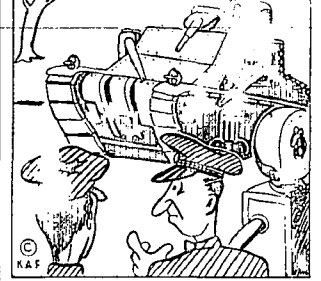

Rev. Herbert Sebree and family of Grayling visited with the folks around Lovells last week. Enjoyed luncheon with the Harold Johnsons and dinner in the evening with the Pierson Spauldings.

Tom Morris who was ill and at Grayling Hospital the past week was dismissed and now is recuperating at his home in Lovells.

If you like pancakes, then you will find the best ever at Lovells Town Hall, Friday night, November 17.

Our reputation is just the opposite. Our friends and customers number in the hundreds. We go out of our way to shoot straight with everyone.

1889 Customers' Corner 1950

It's 61 years since we opened our first store.

We're proud of the fact that down through the years our customers have shown, by their patronage, their approval of our low-cost, low-profit policy.

But we are prouder of our conviction that right now A&P is serving you better than ever before.

Our stores are better; the quality and variety of our food is greater; and we have the finest, best trained group of employees in our history.

But we are not content to rest on our oars.

We will appreciate any suggestions you may have for making your A&P a better place to shop. Please write:

Customer Relations Department, A&P Food Stores, 420 Lexington Avenue, New York 17, N. Y.

A&P Believes It Can Save You More Money

Because... A&P Offers You Storewide Low Prices on Hundreds of Items Every Day...

Instead of a Few One-Day or Week-End "Specials."

Because... In Addition, All A&P's

Advertised Low Prices Are Guaranteed

For a Full Week, Even Though

Market Prices Go Up.

Because... This Policy Makes It

Possible for You to Save on Many of the

Things You Need, Rather Than on Just

a Few... Any Day You Wish to Shop,

Instead of on Week-Ends or

Special Days Only.

(Prices shown here as of Wednesday, Nov. 15 through Tuesday, Nov. 21)

A&P's PRICE POLICY

Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end specials."

Advertised prices are guaranteed for one week, even though market prices go up.

We believe this policy helps our customers save more money.

With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.

November 17, 1927

A number of changes are taking place among the business firms at the lower end of main street. Rasmussen has purchased the Burton Hotel from Mrs. Margaret Burton. Sorenson Bros. will move the Variety Store that is now occupying one part of the Fischer Bldg. to rooms of the same building and Carl Sorenson will move his barber shop from the Burton Hotel building to the Fischer building that is being vacated by the Variety Store.

Mrs. A. L. Coultis and children of Bay City spent several days here last week visiting at the home of Arnold Lauridsen.

Mr. and Mrs. John Billings of Saginaw are visiting the George M. Colleen's family at Lake Margrethe.

Mr. and Mrs. Sam Friedman of Grand Rapids are visiting the latter's mother, Mrs. A. Kraus and family.

Of interest to their many friends will be the announcement of the marriage of Mrs. Helene Stephan Jorgenson to Earl Mathewson, which occurred at Alba last Saturday.

Mrs. A. M. Lewis of Flint is spending a few days at the George Colleen's home at Lake Margrethe.

Mayor Hans Peterson returned home Monday from an extended visit in Detroit and other places.

Mr. and Mrs. Charles Osmun and family of Cheboygan have arrived in Grayling expecting to take up their residence here. At present they are visiting at the

home of Mrs. Osmun's mother, Mrs. F. A. Eckenfels.

Herbert Smith of Flint is visiting at the Arthur Howse home in Maple Forest.

The fancy basket given away at the L. N. L. chicken supper a few days ago was won by Miss Helen Babbitt.

Richard Lovely left Saturday for

Bay City, where he will visit his sister, Miss Claribel, for a few days before going to Grand Rapids, where he expects to be employed.

The Woodburn school reopened Monday after being closed with an epidemic of chickenpox.

C. M. Sey who has been night operator at Frederic is assisting as relief operator at the local Western Union office during the absence of Grant Shaw, who is taking a few days to enjoy his usual deer hunt.

Mrs. Ralph Warner and son, Ralph, Jr., of Detroit are visiting at the home of her parents, Mr. and Mrs. Rasmus Jorgenson, while Mr. Warner is hunting in the Upper Peninsula.

48 Years Ago—November 13, 1902 John Dell got the first deer we have heard of from here.

Mr. and Mrs. Charles Jerome returned from their western trip the last of the week tired but happy.

Prof. F. W. Lankenaw a former superintendent of our schools died at his home in Bay City Tuesday, November 4.

There is a change at the M. C. R. depot that will be noticeable from the fact of the long service of A. W. Canfield, who is succeeded by E. P. Vandewater.

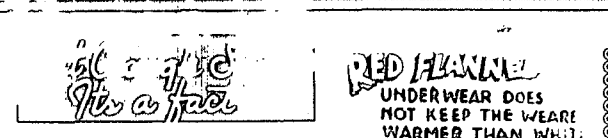

Mrs. Julius Mertz and the children moved to Johannesburg this morning.

HOME EXTENSION, GROUP I

The Home Extension Group I, met at the home of Mrs. Orville Barnes in Roscommon with Mrs. Laura Parker acting as hostess. There were seven members present. The secretary's and treasurer's reports were read and approved.

The November lesson concerned constructing Christmas wreaths. Due to the fact that only about half of the members were present, anyone interested in making a wreath may contact the leader, Mrs. Minnie Harley for full instructions.

The next meeting will take place on December 11th at the home of Mrs. Russell Mostier, which will be the Christmas party.

RED FLANNEL UNDERWEAR DOES NOT KEEP THE WEARER WARMER THAN WHITE FLANNEL

Warmth depends on the quality of the wool used. Red dye does not improve the quality of the wool. 1. "Popular Fallacies". A. S. E. Ackerman. 2. "Su-

From where I sit... by Joe Marsh

We Ask That "Fares" Play Fair

Judge Cunningham was telling about a taxi ride he took over to the County Seat last week. The cab was all littered with cigarette butts, plus candy and gum wrappers. This annoyed the Judge and he spoke to the driver about it. To his surprise the cabman answered right back. "Don't blame me," he said "Fast as I clear this taxi out, the fares just mess it up again. I like a clean cab as well as anybody, but a man has to have some co-operation!" Judge figures the fellow was in the right, and maybe we ought to do a little campaigning with the public. I agree with him—that's why I'm writing this article. From where I sit, it's important for us to remember the fellow who's going to get in the cab after we leave it. Because he pays the same as we do, he's got the same right to a clean, comfortable ride—just as he has the same right to enjoy the beverage of his choice (be it coffee, beer, lemonade, or what have you).

200,000 Freshmen
Can't Be Wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one

this year. But we're speaking here of new owners only.

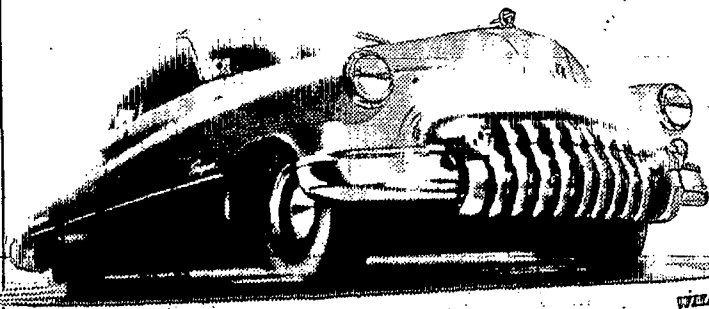

We can name many reasons for this landslide—including Fireball power—an incomparable ride—and Dynaflo Drive.*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sixes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown? The proof of the pudding is in this great car itself. Better come in—look it over—and find out what an unbeatable buy it is.

*Standard on ROADMASTER, optional on extra cost on SUPER and SPECIAL models.

When better automobiles are built
BUICK will build them

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Conservation Club
Field Trip

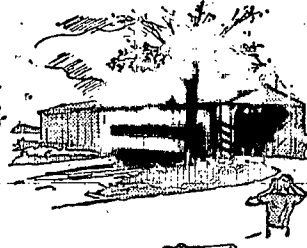

On November 1, 1950 the Grayling High Conservation Club, whose members are the Biology Class began our field trip. We picked up Mr. Bull, who is in charge of the Education Division of Conservation, at Roscommon. Our first stop was the fire fighting equipment experimental station that is located about two miles north of Roscommon. Here we were introduced to Mr. Steve Such, the assistant director, who told us the purpose of this small factory. In this factory the only one of its kind in the world, all fire fighting equipment is invented, tested, and manufactured. From here it is sent to Lansing and various places where, if it passes inspection, it is manufactured and put into use. Our tour of the factory began with the office and drafting room where the plans for blue printing are drawn. Next came the radio shop where two way radios are repaired and installed in cars. We then came to the machine and blacksmith shop. The patterns for the equipment are made in the upstairs of this building. Some of the equipment included trucks, plows, sand throwers, and caterpillars. They demonstrated a tractor equipped with water tanks and

Meet Your Michigan

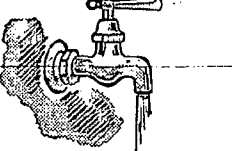

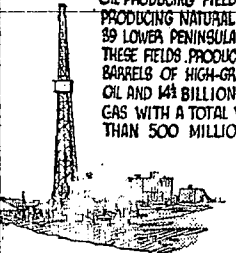

COMMONWEALTH ISLAND:
OFFSHORE AT ALGOMA MILLS, COMMONWEALTH ISLAND IS ONE OF THE FEW INLAND POINTS IN THE WORLD WHERE THIS RARE COASTAL BIRD IS FOUND OFFERING ABUNDANT OPPORTUNITY FOR ORNITHOLOGICAL STUDY.

DO YOU KNOW:
AMONG ITS MANY TOURIST ATTRACTIONS, WESTERN MICHIGAN INCLUDES FOUR COVERED BRIDGES IN ST. JOSEPH, MICH. AND IOWA COUNTIES. ONCE A COMMON SIGHT THROUGHOUT THE UNITED STATES, THEY ARE NOW RARELY SEEN AS SUBJECTS BY BOTH PHOTOGRAPHERS AND ARTISTS.

OIL-PRODUCING STATE:
MICHIGAN BOASTS 154 ACTIVE OIL PRODUCING FIELDS AND 87 FIELDS PRODUCING NATURAL GAS. LOCATED IN 39 LOWER PENINSULA COUNTIES, IN 1949, THESE FIELDS PRODUCED OVER 164 MILLION BARRELS OF HIGH-GRADE PARAFFIN BASE OIL AND 144 BILLION CUBIC FEET OF GAS WITH A TOTAL VALUE OF MORE THAN 500 MILLION DOLLARS.

PURE WATER FOR MILLIONS:
DETROIT'S WATER DEPARTMENT OPERATES TWO OF THE NATION'S LARGEST FILTRATION PLANTS WITH A COMBINED FILTERING CAPACITY OF 600 MILLION GALLONS DAILY. THROUGH THESE TWO HUGE PLANTS, AND A NET OF 100 MILES OF OVER 12 INCH DIAMETER PIPE, ARE NOW PROVIDED WITH WATER IN AN AREA OF NEARLY 300 SQUARE MILES.

*Nine to Jay Nicks
on something besides Tuesday!*

YOU can't afford to buy trucks by guesswork today. What you carry—how far and fast you carry it—under what road and traffic conditions—all must be considered in specifying the *right* truck for you in times like these.

That's our specialty as a GMC truck dealer — we are first and foremost *transportation engineers*. Our one aim is to recommend the exact combination of engine, frame, axles, transmission, cab and optional equipment that is best suited for your year-round needs.

Come in and see us—whether you want a ½-ton pickup or a giant Diesel 20,000 lb. GCW six-wheeler. We can give you exactly the right truck—designed for longer mileage with less maintenance expense—and it will be a *real* truck, engineered for your type of work.

That's why GMC sales are greater today than ever before. Truckers find they are best in the long haul. Let us show you why.

NEW faster service
